

South Phoenix Campus

July 2017

Learning to build with shapes

Important Dates

July 3- Preschool Closed, Teacher in-service

July 4 - Preschool Closed, Independence Day

August 3- Open House

August 4- Last day of summer camp

We will be spending more time outside doing water and messy activities, so please make sure your child is dressed accordingly, and has sun protection. We will be having our open house August 3rd if you would like to volunteer please see your child's teacher or Ms. Debra for more information.

It's been a great summer, we have learned about safety, gone exploring, became pirates and princesses, learned how to build all kinds of things, and discovered our inner super hero. And that was just in June. We are looking forward to lots of new discoveries in July, making new friends, and getting ready for the new school year, some of our children will be moving on to kindergarten while our preschoolers will be moving up to the pre-k class. We only have a few weeks of summer left so we will enjoy them and look forward to an exciting school year in August.

Our Pre-K children having fun and learning to take turns.
